

TUFFASS CN 500 (Painted Steel)

FEATURES:

- A disc and delivery system
- Reinforced gear box
- Superior quality bearings
- Tough stainless steel opening vanes and spinner
- Capacity: 500kg

The CN 500 is a single disc spreader with 500kg capacity hopper.

Available with a painted steel or poly hopper, the CN 500 holds more, than similar models available on the market.

This means more time spreading, and less time heading back to load up.

OPTIONS AVAILABLE:

- Vinyl cover
